

Oct 2017 Storm Damage to RMC Trails

If you can assess damage on any of the trails that have not been assessed, please send information listed here to Chris Campbell (campbell@maine.edu; 207-356-1123).

Describe trail damage: # of blowdowns, # of tangles, length of extreme erosion (extensive water flow in trail)

Give approx. location of damage, such as sporadic, mostly above certain elevation or trail jct., etc.

Fill in date, your name(s)

Photos (**important for RMC and WMNF**): please note approx. location of photo. In photo file name, include TrailName_YourName (ex.: SpurTrail_BobDrescher.jpg)
